# Safer Recruitment

Safer recruitment practice aims to minimise the risk of appointing an individual who is unsuitable to work in a post where they will be in contact with children or vulnerable adults and could cause them harm.

Our selection processes observe best practice in selecting the appropriate candidate by ensuring equality of opportunity for all applicants whilst excluding any who may be unsuitable to work with our children.

The Disclosure and Barring Service (DBS) helps employers to make safer recruitment decisions and to prevent unsuitable people from working with vulnerable groups, including children. It is a criminal offence to offer (or indeed to apply for, or to accept an offer of) employment in certain designated posts (those which involve working with children in what is defined as regulated activity) to a barred individual.

All candidates are expected to understand their own duties and responsibilities in regard to child protection and safeguarding with due relevance to the specific post advertised.

Any conditional offer of appointment will be made strictly subject to receipt of all required documentation (as specified) and satisfactory verification of all checks.

St Joseph CMAT is committed to safeguarding and promoting the welfare of children and young people and expect all staff to share this commitment. Where the post is engaged in regulated activity, and/or an opportunity for contact with children the position will be subject to an enhanced DBS check. In addition, as part of the shortlisting process, and in accordance with statutory guidance, we may carry out an online search (for publicly available material) to help identify any incidents or issues that have happened which we may want to explore with shortlisted applicants at interview.
